

This listing of claims will replace all prior versions, and listing, of claims in the application:

**Listing of Claims:**

1. (Previously Amended) A hand-held computer device comprising a processor, memory, and a medium storing software that causes the processor to perform the following steps:
  - a. create a time management entry in a time management application;
  - b. attach a file stored in the memory to the time management entry; and
  - c. display the file on a display of the hand-held computer device.
2. (Previously Amended) The device of claim 1 wherein the time management entry is an appointment in the time management application.
3. (Previously Amended) The device of claim 1 wherein the time management entry is a task in the time management application.
4. (Previously Amended) The device of claim 3 wherein the time management application is a calendar, and wherein the task is listed in an assignments due list managed by the calendar time management application.
5. (Previously Amended) The device of claim 4 wherein time periods in the calendar time management application are class periods.
6. (Previously Amended) The device of claim 1 wherein the attached file's association with the time management entry is indicated with a graphical icon in the application near the time management entry.
7. (Previously Amended) The device of claim 6 wherein a user is able to activate the application associated with the attached file and view the attached file by selecting the graphical icon.

8. (Previously Amended) A hand-held computer device comprising:
- a display;
  - a processor;
  - a memory coupled to the processor; and
  - a storage medium coupled to the processor including a software program that, upon execution:
    - i. creates a time management entry in a time management application;
    - ii. attaches a file stored in the memory to the time management entry;
- and
- iii. displays the file on the display of the hand-held computer device.
9. (Previously Amended) The device of claim 8 wherein the time management application is a calendar, and wherein the time management entry is an appointment in the calendar time management application.
10. (Previously Amended) The device of claim 8 wherein the time management application is a calendar, and wherein the time management entry is a task in the calendar time management application.
11. (Previously Amended) The device of claim 10 wherein the task is listed in an assignments due list managed by the calendar time management application.
12. (Previously Amended) The device of claim 11 wherein time periods in the calendar time management application are class periods.
13. (Previously Amended) The device of claim 8 wherein the attached file's association with the time management entry is indicated with a graphical icon in the application near the time management entry.
14. (Previously Amended) The device of claim 8 wherein a user is able to activate the application associated with the attached file and view the attached file by selecting the graphical icon.
- 15-21. (cancel)
